

Personal Care Policy & Procedures

(In-line with *Keeping Children Safe in Education 2016*)

Policy Updated: September 2018
Future Review: September 2020

Woodstock CE Primary School recognises its responsibility
for Safeguarding & Child Protection.

Nurture ~ Believe ~ Discover ~ Achieve

Our vision for Woodstock CE Primary School reflects a passionate commitment to learning and recognition of the uniqueness of individual learners. It is driven by our desire to offer the best possible education for our pupils in partnership with parents, the church and the local community.

WOODSTOCK CE PRIMARY SCHOOL IS A CENTRE:

- For learning where high standards are pursued with consistency and enthusiasm.
- Where individuals are valued and helped to achieve their personal best
- Where effective partnerships secure the success of the school.

“For I know the plans I have for you”, declares the Lord, “plans to prosper you and not to harm you, plans to give you hope and a future.”

Jeremiah 29, v11

PERSONAL CARE

POLICY & PROCEDURES

Introduction

Woodstock CE Primary School is committed to ensuring that all staff responsible for the intimate care of children will undertake their duties in a professional manner at all times. We recognise the need to treat all children with respect when intimate care is given. No child should be attended to in a way that causes distress or pain. The child's welfare and dignity is of paramount importance. Every child's right to privacy will be respected.

Rationale

The purpose of these procedures is to set out guidelines that safeguard children and staff by providing a consistent approach. Staff providing personal care must be aware of the need to adhere to good Child Protection practice in order to minimise the risks for both children and staff.

Aims

The aims of the policy and procedures are:

- To safeguard the dignity, rights and well-being of children.
- To ensure that children are treated consistently and with sensitivity and respect, when they experience personal care.
- To provide guidance and reassurance to staff.
- To ensure that parents are involved in planning the intimate care of their child and are confident that their concerns and the individual needs of their child are taken into account
- To reassure parents that staff are knowledgeable about intimate care.

Principles

As a school we have a duty of care to all children and this includes attending appropriately to their personal needs. At Woodstock CE Primary School and Nursery we believe that children are entitled to have their personal needs met by people they know and trust. During the course of a session, should a child require personal care, a member of staff (their Key Person or a familiar member of the team) will attend discretely and sensitively to their needs in a quiet, designated area.

Definition

Intimate care is one of the following:

- Supporting a pupil with dressing/undressing
- Providing comfort or support for a distressed pupil
- Assisting a pupil requiring medical care, who is not able to carry this out unaided
- Cleaning a pupil who has wet / soiled him/herself, has vomited or feels unwell

Responsibilities

Management responsibilities:

- To ensure permission has been sought from parents for staff to support their child's personal care routines.
- To ensure all staff and volunteers are DBS checked before engaging in any personal care routines.
- To provide facilities appropriate to the children's age and individual needs.
- To provide appropriate guidance, training, supervision and reassurance to staff to ensure safe practice.
- To ensure that staff will receive ongoing training in good working practices which comply with health and safety regulations, hygiene procedures, first aid and child protection procedures.
- To keep a record of training undertaken by staff and to ensure that refresher training is provided where required.
- To ensure that all staff are familiar with the school's Personal Care Policy and Procedures.
- To provide an Induction programme for all new staff and to ensure that they are made fully aware of the Personal Care procedures for the children they are supporting.
- To ensure all mobile phones are locked away and no unauthorised recording equipment is in use, as per our Staff Code of Conduct.

Staff responsibilities:

- Staff must be familiar with the Personal Care Policy and Procedures, and adhere to the guidance set out.
- Staff must report any concerns to a member of the Leadership Team.
- Teachers will liaise with parents/carers to establish specific care routines where appropriate.
- Staff must take part in training for any aspect of personal care and safeguarding.

Supporting Dressing/Undressing

Sometimes it will be necessary for staff to aid a child in getting dressed or undressed particularly in Early Years and Nursery. Staff will always encourage children to attempt undressing and dressing unaided.

Providing Comfort or Support

Children may seek physical comfort from staff (particularly children in Nursery and Reception). Where children require physical support, staff need to be aware that physical contact must be kept to a minimum and be child initiated. When comforting a child or giving reassurance, the member of staff's hands should always be seen and a child should not be positioned close to a member of staff's body which could be regarded as intimate. If physical contact is deemed to be appropriate staff must provide care which is suitable to the age, gender and situation of the child.

If a child touches a member of staff in a way that makes him/her feel uncomfortable this can be gently but firmly discouraged in a way which communicates that the touch, rather than the child, is unacceptable.

Medical Procedures - see Policy for Supporting Pupils with Medical Needs

If it is necessary for a child to receive medicine during the school day parents must fill out a form from the school office and discuss their child's needs with a member of staff before the school agrees to administer medicines or medical care.

Any member of staff giving medicine to a pupil should check:

- The pupil's name
- Written instructions provided by parents or doctor
- Prescribed dose
- Expiry date

Particular attention should be paid to the safe storage, handling and disposal of medicines.

The Head Teacher has prime responsibility for the safe management of medicines kept at school. School staff are also responsible for making sure that anyone in school is safe. Medicines should generally be kept in a secure place, not accessible to pupils but arrangements must be in place to ensure that any medication that a pupil might need in an emergency is readily available.

Soiling

Intimate care for soiling should only be given to a child after the parents have given permission for staff to clean and change the child. Parents who have children in the Nursery and Reception class are asked to sign a permission form so that the Early Years staff can clean and change their child in the event of the child soiling themselves.

If a parent does not give consent, the school will contact the parents or other emergency contact giving specific details about the necessity for cleaning the child. If the parents/carers or emergency contact is able to come within a few minutes, the child is comforted and kept away from the other children to preserve dignity until the parent arrives. Children are not left on their own whilst waiting for a parent to arrive, an adult will stay with them, giving comfort and reassurance. The child will be dressed at all times and never left partially clothed. If a parent/carer or emergency contact cannot attend, the school seeks to gain verbal consent from parents/carers for staff to clean and change the child. This permission will be sought on each occasion that the child soils him or herself.

If the parents and emergency contacts cannot be contacted the Headteacher will be consulted. If put in an impossible situation where the child is at risk, staff will act appropriately and may need to come into some level of physical contact in order to aid the child.

When touching a child, staff should always be aware of the possibility of invading a child's privacy and will respect the child's wishes and feelings.

If a child needs to be cleaned, staff will make sure that:

- Protective gloves and an apron are worn.
- The procedure is discussed in a friendly and reassuring way with the child throughout the process.
- The child is encouraged to care for him/herself as far as possible.
- Physical contact is kept to the minimum possible to carry out the necessary cleaning.
- The child is clean before they redress themselves.
- Privacy is given appropriate to the child's age and the situation.
- All spills of vomit, blood or excrement are wiped up and flushed down the toilet.
- Any soiling that can be, is flushed down the toilet.
- Soiled clothing is put in a nappy bag, unwashed, and sent home with the child.
- A personal care form is filled out and a copy is sent home.

Hygiene

All staff must be familiar with normal precautions for avoiding infection, must follow basic hygiene procedures and have access to protective, disposable gloves.

Protection for Staff

Members of staff need to have regard to the danger of allegations being made against them and take precautions to avoid this risk. These should include:

- Gaining a verbal agreement from another member of staff that the action being taken is necessary.
- Another member of staff will be available to support.
- Be aware of and responsive to the child's reactions.

These procedures are included in our EYFS Handbook. The Handbook is given to all parents as part of the Induction Pack for children starting in Reception.
