

Our World

Week Beginning: Monday 11 May 2020

This Week in Our World...

This week the focus of **'Our World'** is an update about Covid-19 following the recent announcement by Boris Johnson.

Boris Johnson made an announcement to let the UK know about the 'Sketch of a road map' for the actions that we need to take to come out of 'lockdown' safely.

What's the background?

We first learnt about Covid-19 (Coronavirus) in January when we heard about how it was affecting China.

School closed, to most of us, on Friday 20 March and we were instructed to 'Stay Home > Protect the NHS > Save Lives' by the Government on Monday 23 March. This has been referred to as 'Lockdown' by many.

At 7pm last night, Boris Johnson made an announcement thanking all of us for staying at home, protecting the NHS and saving lives. He said that to avoid a second spike of infections from the virus we all need to stick to the new guidelines to keep ourselves safe.

Upcoming Changes

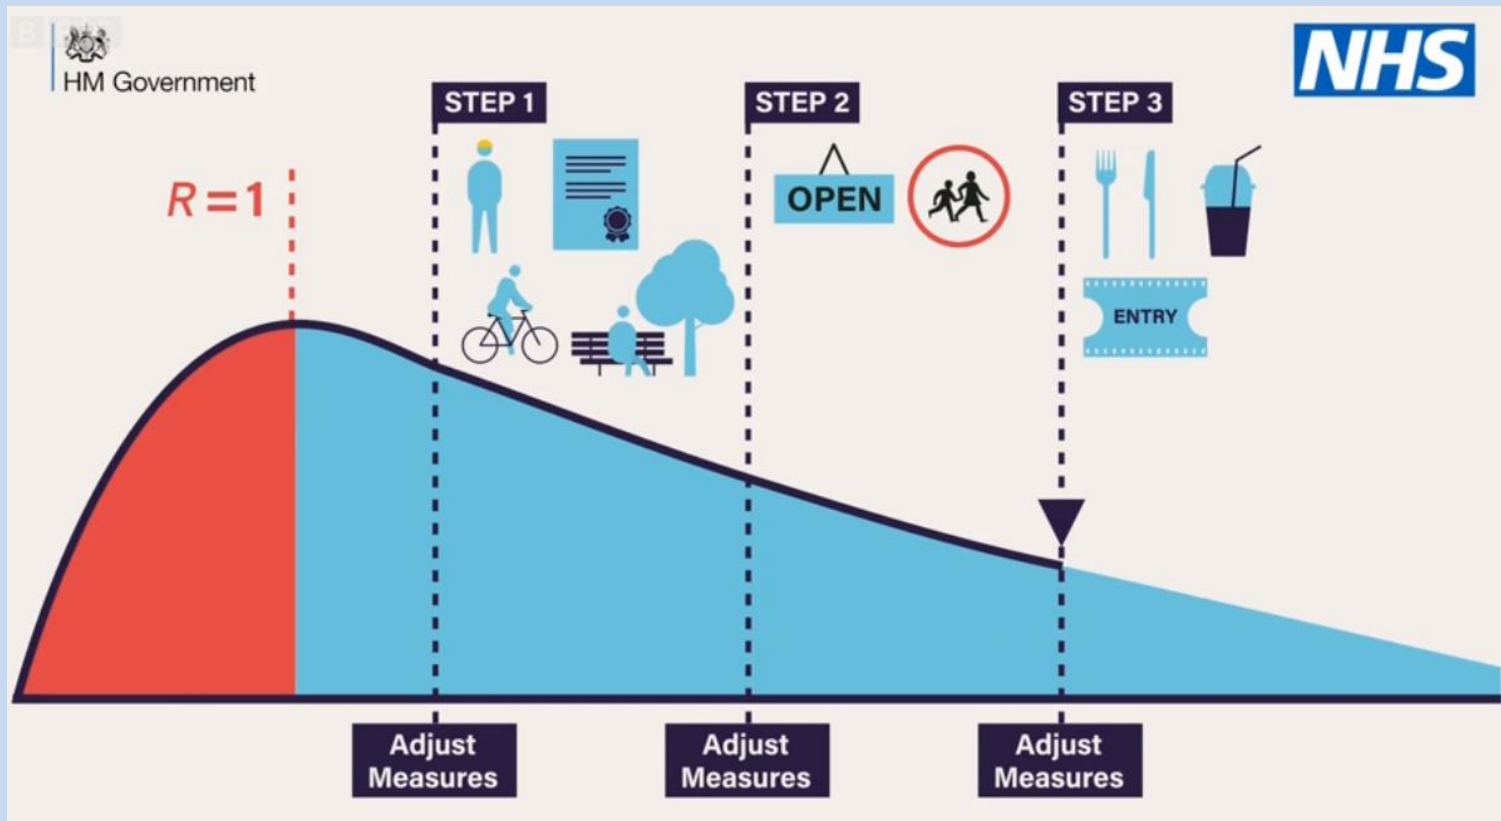

The main points are, if the rate of infections does not increase:

- The 2 metre social distancing rule will remain
- From this week - people who are unable to work from home will return to work (with the 2m rule)
- From Wednesday - people will be able to sit in a park, drive to areas to walk and exercise and play sports with members of their own family
- From June – some primary school children will start to return to school (Woodstock CE Primary will give you lots of notice of who this will be and when this will happen)
- From July – some leisure facilities will reopen (with the 2m rule)

Covid-19 Update

Upcoming Changes

Covid-19 Update

We can help control the virus if we all **STAY ALERT**

- Stay at home as much as possible
- Work from home if you can
- Limit contact with other people
- Keep your distance if you go out (2 metres apart where possible)
- Wash your hands regularly

⚠️ And if you or anyone in your household has symptoms, you all need to self-isolate.

STAY ALERT ▶ CONTROL THE VIRUS ▶ SAVE LIVES

New Motto

We can help control the virus if we all **STAY ALERT**

Stay at home as much as possible

Keep your distance if you go out (2 metres apart where possible)

Work from home if you can

Wash your hands regularly

Limit contact with other people

And if you or anyone in your household has symptoms, you all need to self-isolate.

STAY ALERT ▶ CONTROL THE VIRUS ▶ SAVE LIVES

Five Point Checklist

HM Government

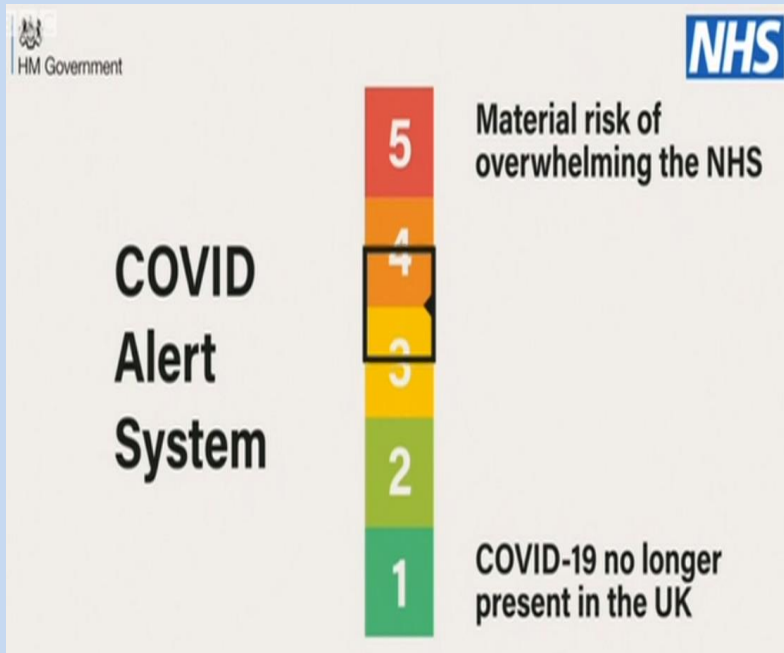

NHS

-  1. Sufficient critical care capacity across the UK
-  2. Sustained and consistent fall in daily deaths
-  3. Rate of infection decreasing
-  4. Testing and PPE able to meet demand
-  5. Adjustments to measures will not risk a second peak that overwhelms the NHS

NHS

New Alert System

- ❖ The UK is currently at level 4 on the Alert System
- ❖ The new instructions will help bring the alert down to 3
- ❖ The UK needs to be at alert level 1 for the country to return to how we used to live

remain

Remain (verb)

To continue to exist, especially after other similar people or things have ceased to do so
